School Improvement Team

September 18, 2007

PRESENT: Michelle, Marilyn, Deb & Jane

Minutes:

Parent Teacher Conferences

Teachers are in need of the letter to send home with scheduled appointments. Jane will email to staff. Conferences are a good time to discuss writing rubric, curriculum and if you have SAT concerns—discuss them now with parents.

Classroom Data:

The team discussed keeping track of data for students. Deb said she preferred the individual students keeping their own data. This is a major component to our NCA process.

Revisit School Improvement Goals

New Goals were discussed and recommended. The new goals are attached and will be our new focus for the next three years.

Other

Teachers asked if they could have professional development time, to make Math Games. At this time Jane will try.

Bond money—we discussed the fact that there is about \$2,000 of bond money. This must go to student materials or equipment that directly impacts teaching kids. Overhead screens were a suggestion. Jane will work on this as it needs to be into Hallie asap.

We discussed the cost of the copier machine. We were well over our budgeted amount of copies last year and it has a direct impact on our instructional supply money for this year. Deb suggested we put a sign over the copier "are you aware...." We also discussed the number of people who are in the building after hours and seem to have keys to the building.

At this time NO one has filled out a facility use form to use the building. NO ONE should be in the building after school hours. There are no meetings scheduled, no one is using the gym, nothing. If people in the community wish to have meetings here or activities—they must complete a facility use form.
